President Becki welcomed everyone and stated that he would like to begin the meeting with informing everyone that former long-term Chairman Pete Ramage passed away. He added that this would be a huge hole for the community. He asked those presents if they were so inclined to please bow your head in prayer. Mayor Tuñón read a prayer for Pete: “Lord, for Peter Ramage. We ask for your mercy and grace as he begins his journey into eternal life. Please bring him into your almighty arms and grant him peace and protection. We ask for your loving embrace to surround his grieving family, and to comfort our community in the morning. Please help us to find hope in your constant presence and to promise of eternal life through Jesus Christ. AMEN.” Finally, Chairman Becki asked for a moment of silence for Pete.

President Becki told the audience two stories about Pete Ramage. One was one about the flood in 1990 and the second how he was supposed to be attending a conference in the Poconos, and he did not have a car because he had wrecked his, Pete lent him his car so he could still attend the conference. The second story was about the Chairman Becki had fallen off his ladder and broke his wrist and two elbows. Pete showed up at Dave’s house with a bottle of his favorite liquor and to express his concerns about his accident.

He added that Pete did a lot for this community, for his church and his family. Dave remembered how kind and compassionated he was, and he’ll never forget those examples. The other thing he remembered was the patience Pete had when he presided over Council meetings. **Agenda**

**1. Permit Parking Ordinance**

---

President Becki reported that a letter was sent out on December 18 to all residents on Pine Street by Manager Ramage. No replies were received in opposition. He then asked for a motion to advertise the change to the parking ordinance. A motion was made to advertise an amendment to the parking ordinance to eliminate Pine Street from the ordinance by Councilwoman Gabriel and seconded by Councilwoman Schaefer. Motion carried.

**2. Penn Dot Traffic Study**

---

President Becki reminded everyone that about six to seven months ago, the borough consulted with the state about possibly changing Bridge Street & Freeport Street to a one-way street and they wrote back indicating the traffic would flow counterclockwise, meaning that Bridge Street would go up and Freeport Street would go down. Businesses and residents on those streets would be notified about the hearing and meeting. The borough would also need to contact vendors to receive a cost analysis on changing the timing on the lights and changing the signs to reflect the direction of the streets. The traffic study shows that this project can move forward with the changes.

Chief Rodman said signs will need to be added to indicate where trucks will be able to turn due to trucks turning radius.

President Becki said the borough is also looking a diagonal parking on Bridge Street, so that there will be more parking available. The cars would be parked on the Westinghouse side of the street where it would provide more spots because there are no driveways to worry about.

**3. New Jr. Councilperson**

---

President Becki said that the borough has been lucky over the years that Shaler Area High School is able to post for the borough that the borough is looking for a Junior Councilperson. The borough received a letter from Grace Helbling. Grace is very engaged in her school and lives in Etna, and she stated she was anxious to participate. President Becki stated that being on this council, she will learn how local government runs and contributes. He added that if she heard the council speaking about something about recreational programs, or anything her and her friends have an opinion on she should feel free to raise her hand and chime in. A motion was made to appoint Grace Helbling as the new borough Junior Councilperson by Councilwoman Rothmeyer-McElhaney and seconded by Councilwoman Gabriel. Motion carried.

Mayor Tuñón then administered the following Oath of Office to Miss Helbling. She was congratulated by all present.

President Becki then said she will now receive packages delivered to her house with all the paperwork to be discussed at the council meetings. He added that she is permitted to speak at any of these council meetings, and that she is not permitted to vote on items because she was not an elected official, but she was now an appointed official. He ended up telling her to have fun with this experience and relax as no one is grading her.

**4. Megan Tuñón Resignation**

---

President Becki said he received the letter of resignation from Councilwoman Tuñón from Borough Council because of her increasing duties as the Etna Community Organization Director and the revamping of the building which will become the new community center and library. The letter had been provided in everyone’s packet. A motion was made to accept the resignation of Councilwoman Tuñón and send a letter of sincere thanks for all her efforts over the past seven years by Councilwoman Gabriel and seconded by Councilwoman Schaefer. Motion carried.

President Becki then explained what this resignation means to the borough by state law. He added that within thirty days after the borough accepts a resignation from someone on the Council, the borough was required to fill the position. In other words, he explained that thirty days from tonight, February 25<sup>th</sup>, Council must appoint a replacement. He continued that if the process goes correctly at the February the borough would legally be within the timeframe to appoint a replacement for Mrs. Tuñón. Since she resides in the 1<sup>st</sup> Ward, she must be replaced by a resident in the first ward. He also asked if anyone was interested in running for Mrs. Tuñón position or being considered to the position they must be a registered voter and at least live in the borough for one year by state law. He continued that if a person fills a position on council in the middle of a term, the person will then need to run in the next election in November to fill the position. He pointed out that the person would have to decide very quickly because it is an election year and petitions would need to be filed. He included that the borough would post the announcement on social media and on the borough building doors. The interest letter must be received by close of business day on February 7<sup>th</sup>. The interviews will be scheduled for Thursday, February 13<sup>th</sup>, time to be determined, depending on the number of candidates.

**5. RCAP Fiscal Sponsorship MOU**

---

President Becki stated that Etna Community Organization had been received a large amount of funding from outside the borough (a federal grant) to complete the transformation of the library building. One of the grants required them to have a fiscal sponsor and the borough has done this in the past and will do it for this grant as well. He added that Manager Ramage and Mrs. Tuñón have sat down and worked out an agreement that is in front of you to cover this arrangement. The agreement states that the ECO will pay the borough \$10,000 to be their fiscal sponsor, which may involve some bookkeeping. A single audit will be required and performed because of the sum of the grant which is required by the State and federal laws. A motion was made to open this account for ECO by Councilman Trader and seconded by Councilwoman Schaefer. Motion carried.

**6. Bond Issue Update**

---

President Becki said the next item on the agenda was the bond issue, which would cover the purchase of the building within the next 30 to 40 days on Pine Street. The bond will be floated for 30 years. This bond will allow the borough to acquire the money needed to buy the building and make the necessary renovation and repairs needed in the area around the new facility, including possibly road improvements to Pine Street. The bonds were expected to go out for sale on January 28<sup>th</sup>. Hopefully, he added, the bonds will be purchased, and the borough has little time to either buy it or reject the offer. A motion was made to allow the proper officials to accept the bond purchase and sign the signature pages by Councilwoman Schaefer and seconded by Councilwoman Gabriel. Motion carried.

**7. Tri-Cog Land Bank**

---

President Becki stated that the Tri-Cog Land Bank is an organization that is used by many municipal governments to acquire undesirable, dilapidated or abandoned properties. The Tri-Cog will either rehab, demo or put them back on the tax roll. As part of participation in Tri-Cog delegates and alternates are appointed to represent the community. He added that since Megan was one of the delegates, the borough will need to appoint a new one. He added that the organization meets four times a year on Thursdays. A motion was made by Councilwoman Schaefer and seconded by Councilman Burke to appoint Councilwoman Gabriel as the delegate and Councilwoman Rothmeyer-McElhaney as the alternate for the Tri-Cog. Motion carried.

**8. Deck Hockey**

---

President Becki stated that in the packets a letter from Councilwoman Rothmeyer-McElhaney requesting the use of the playground and Deck Hockey and the facilities for the spring season.

Councilwoman Rothmeyer-McElhaney stated that Deck Hockey has a registration event at the borough Building on January 25, and she was hoping to get some fresh faces to the organization. She added that if anyone knows of any players that are interested in playing send them her way and that if anyone is interested in helping, please reach out to the organization. A motion was made by Councilman Trader and seconded by Councilman Burke to allow the use of the Deck Hockey facility and concession stand. Motion carried.

**9. Tax Collector Salary Increase**

---

President Becki said the borough tax collector serves a 4-year term and is paid by the Shaler School District and the Borough. By law, anytime the term is in its last year, the borough can decide whether to keep the same salary or to increase the salary. He added that any increase in salary would not go into effect until next year. The borough has not increased the tax collector's salary by at least 8. The greater share of the payment for the tax collector's salary comes from the Shaler School District not from the

borough. (I removed as I don't know what it means, and neither will someone read it. He then added that a resolution recommending the borough increase the annual salary from \$5,627 to \$6,189, which is a 10% increase was on the agenda for action this evening. A motion was made to increase the tax collector's salary for next year and every year after by Councilwoman Gabriel and seconded by Councilman Iannuzzi.

**10. Extension of Cooking Premises**

President Becki said Solicitor Rushford drafted a new ordinance regarding the extension of cooking premises and he will let him explain those changes. Solicitor Rushford stated that this ordinance would allow businesses to have food preparation and dining permitted on the sidewalk similar to the one the city of Pittsburgh uses. They would require handicap access of at least four feet.

President Becki asked Solicitor Rushford to provide a draft to show the codes and types of changes that would make Etna a retail distension. The solicitor will revamp the ordinance. He added that Porky's asked for a time frame of six months so they can change their smoker. Solicitor Rushford refers to the city of Pittsburgh area of Bloomfield and Downtown Penn Avenue where they added more seating on the streets and their sidewalks.

He stated that this is just a report that the borough accepts the lady's donation. The Public Works Director is looking into what can be done professionally to clean

this monument. President Becki stated Manager Ramage had also brought up that she had been approached about adding some new plaques to the memorial. President Becki stated that Councilwoman Schaefer has agreed to be on the Planning Commission Board for another 4-year term, so she was reappointed.

President Becki asked if anyone had a suggestion for an alternate for the Zoning Hearing Board. The purpose of an alternate is in a small town like Etna where you may have a zoning hearing where one of the three current members personally knows the applicant and might have to recuse themselves from serving on a particular hearing. Carol Kristoff had sold her house and moved out of her area, so he added she would need replaced the Zoning Hearing Board. He asked those on council if they knew of anyone that is interested in joining the board, to please let him know. He also stated that the zoning and hearing board cannot have elected officials on the board.

He added the Human Relations commission still needs a new board member since Councilwoman Semler stepped down last year.
